

Fibre optic connectivity for Germany.

In the cities and the countryside.

DB broadband GmbH gives you access to Deutsche Bahn's nationwide fiber optic network. As a one-stop-shop, we take care of everything - the planning, realization and operation of your TC solutions.

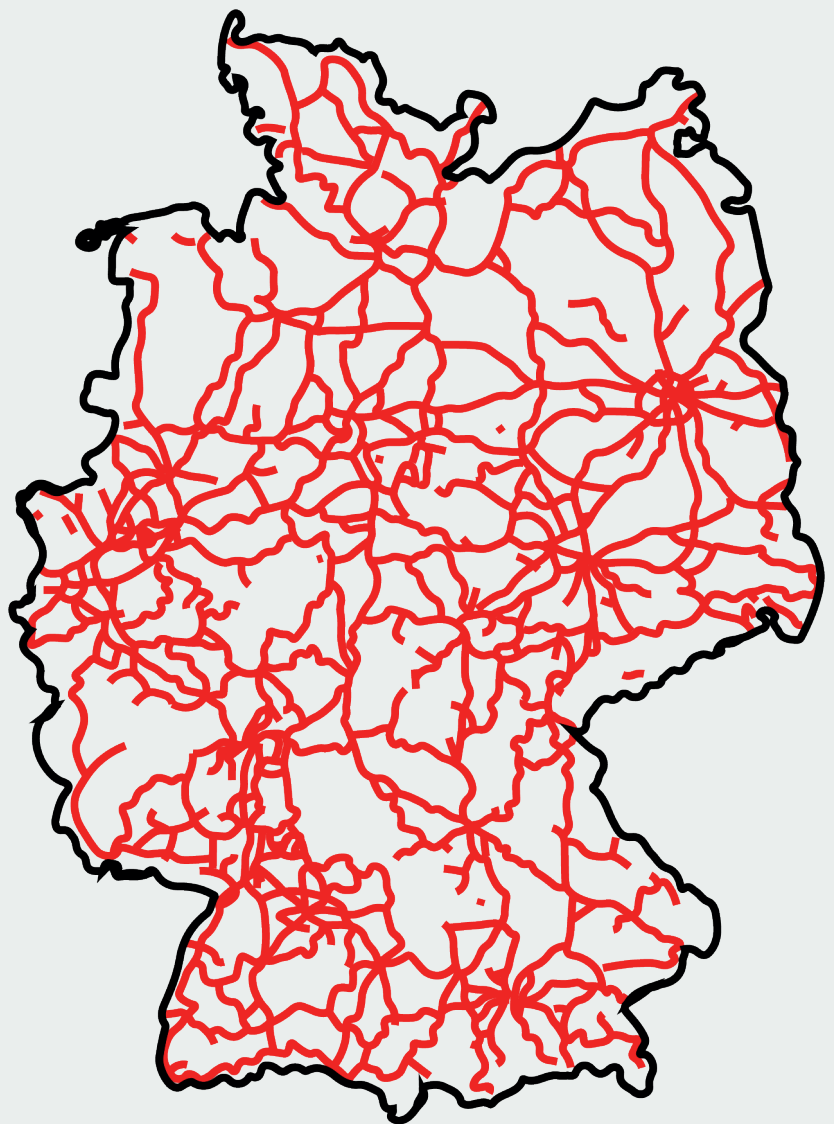

Your contact

Contact us and we will provide you with the right contact person for you on site with our Key Account Management.

Our portfolio

Our fiber-optic network is already available to you in large parts of the country, in many regions even exclusively. Over the coming years, we will continue to expand the network and our complementary products for you. We will then be able to offer you free space, collocation, GSM-R masts and Ethernet on request.

A unique network with area-wide coverage.

>20.000 km	fiber optic network
5.400	railstations
24.000	mobile phone masts in <1km radius
60 Min.	max. response time to repair a fault
<24 hours	availability
>99,5 %	fault reporting
24/7/365
